BY ORDER OF THE BOARD OF DIRECTORS

MCGRATH RENTCORP

PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed Proxy is solicited on behalf of the Board of Directors of McGrath RentCorp (the "Company") to be voted at the 1998 Annual Meeting of Shareholders to be held on Friday, June 5, 1998, at 2:00 p.m., local time, and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at the Company's Corporate Headquarters located at 5700 Las Positas Road, Livermore, California 94550.

These proxy materials were mailed on or about April 28, 1998, to all shareholders entitled to vote at the Meeting.

RECORD DATE AND OUTSTANDING SHARES

Shareholders of record at the close of business on April 15, 1998, are entitled to notice of, and to vote at, the Meeting. At the record date, 14,144,730 shares of the Company's Common Stock were issued and outstanding. The Company has no other class of voting securities issued or outstanding.

VOTING

In order to conduct business at the Meeting, a quorum must be established. The presence in person or by proxy of shareholders entitled to vote a majority of the Company's outstanding Common Stock will constitute a quorum for the transaction of business at the Meeting.

Every shareholder voting for the election of directors may cumulate such shareholder's votes and give one candidate a number of votes equal to the number of directors to be elected (five) multiplied by the number of shares held, or may distribute such shareholder's votes on the same principle among as many candidates as the shareholder may select. However, no shareholder shall be entitled to cumulate votes for any candidate unless the candidate's name has been placed in nomination prior to the voting and the shareholder, or any other shareholder, has given notice at the Meeting prior to the voting of the intention to cumulate the shareholder's votes. The proxy holders are given discretionary authority, under the terms of the Proxy, to cumulate votes represented by shares for which they are named in the Proxy. In electing directors, the candidates receiving the highest number of affirmative votes, up to the number of directors to be elected (five) shall be elected.

Unless otherwise noted herein, each of the Company's proposals (other than the election of directors) described in this Proxy Statement requires the affirmative vote of the holders of a majority of the shares of the Company's Common Stock represented and voting at the Meeting if a quorum is present. Unless otherwise instructed, each valid returned Proxy not revoked will be voted in the election of directors "FOR" the nominees of the Board of Directors and "FOR" Proposals Nos. 2 and 3 described in this Proxy Statement, and at the proxy holders' discretion, on such other matters, if any, which may come before the Meeting (including any proposal to adjourn the Meeting).

SOLICITATION

The cost of this solicitation will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or telegram.

REVOCABILITY OF PROXIES

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the Meeting and voting in person.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

NOMINEES

Directors of the Company are elected annually by the shareholders. The Board has nominated the five persons named in the table below for election as directors to serve until the next annual meeting of shareholders and until their respective successors are duly elected. Vacancies that may occur on the Board of Directors prior to an annual meeting of shareholders may be filled by the remaining Directors. Unless otherwise instructed, the proxy holders will vote the Proxies received by them for the Company's nominees named below, all of whom are presently directors of the Company. In the event any nominee is unable or declines to serve as a director at the time of the Meeting, the Proxies will be voted for any nominee who shall be designated by the present Board of Directors to fill the vacancy. It is not expected any nominee will be unable, or will decline, to serve as a director. In the event additional persons are nominated for election as directors, the proxy holders intend to vote all Proxies received by them in such a manner in accordance with cumulative voting as will assure the election of as many of the nominees listed below as possible, and in such event, the specific nominees to be voted for under the Proxies will be determined by the proxy holders.

The names of the nominees and certain information about them are set forth below.

BOARD MEETINGS

The Board of Directors of the Company held five meetings and took corporate action by unanimous written consent another four times during the year ended December 31, 1997.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors has a three-member Audit Committee consisting of Directors Bryant J. Brooks, Delight Saxton and Ronald H. Zech. The Audit Committee exercises the following powers: (1) nominates the independent auditors of the Company to be approved by the Board of Directors; (2) meets with the independent auditors to review the annual audit; (3) assists the full Board in evaluating the auditors' performance; and (4) reviews internal control procedures, related party transactions and, where appropriate, potential conflict of interest situations. The Audit Committee met twice during 1997.

The Board of Directors also has a three-member Executive Compensation Committee consisting of Directors Bryant J. Brooks, Robert P. McGrath and Ronald H. Zech. The Executive Compensation Committee establishes the general compensation policies of the Company for its executive officers and sets the actual compensation plans and specific compensation levels for the individual officers. The Executive Compensation Committee held one meeting during 1997, and took action by unanimous written consent another time during the year.

The Board has a Long-Term Stock Bonus Plan Committee that administers the Company's Long-Term Stock Bonus Plan. All members of the Board of Directors, except a Director who was a participant in the Long-Term Stock Bonus Plan at any time within the preceding twelve months, are automatically members of this Committee. At the present time, all five directors of the Company are members of the Long-Term Stock Bonus Plan Committee. The Long-Term Stock Bonus Plan Committee held no meetings but took action by unanimous written consent one time during 1997.

COMPENSATION OF DIRECTORS

Each director who is not also an officer or employee of the Company is compensated for his or her services as a director at the rate of \$11,000 per annum plus an additional fee of \$600 per meeting for attendance at the meetings of the Board of Directors or one of its Committees (in the event a Committee

meeting is held in conjunction with a Board meeting, only one \$600 fee is paid to the Director). Mr. Brooks and Mr. Zech each received \$14,000 for their services as directors of the Company during 1997. All directors, including those who are officers or employees of the Company, are reimbursed for expenses incurred in connection with attending Board or Committee meetings.

PROPOSAL NO. 2: 1998 STOCK OPTION PLAN

In December 1997, the Company's 1987 Incentive Stock Option Plan terminated by its own terms, and the Company may not grant any further options under it. In March 1998, the Board of Directors adopted the Company's 1998 Stock Option Plan (the "1998 Plan"). The 1998 Plan permits the Company to grant options to purchase an aggregate of 2,000,000 shares of its Common Stock to officers, key employees, directors and other persons who provide valuable services to the Company or to any of its subsidiaries; and the Board of Directors will, from time to time, grant options to persons as it deems in the best interests of the Company.

The Company considers this option plan to be a principal means by which it attracts, retains and motivates key personnel.

The options which will be granted under the 1998 Plan may be either incentive stock options as defined in Section 422 of the Internal Revenue Code of 1986, as amended, or options which are not incentive stock options ("non-qualified options").

Under present federal income tax law, neither the grant of an incentive stock option to an optionee, nor the exercise of such an option by the optionee, will result in taxable income to the optionee. (However, upon exercise, the spread between the fair market value of the stock on the date of exercise and the exercise price paid is considered an item of tax preference, potentially subject to the alternative minimum tax.) Upon the sale of the stock acquired, the optionee will be entitled to treat any profit realized as long-term capital gain provided the applicable holding period requirements are met. If the holding period requirements are not met (i.e., a "disqualifying disposition" occurs), the optionee will be required to treat some or all of the profit realized as ordinary compensation income, but not in excess of the spread between the fair market value of the stock on the date of exercise of the option and the exercise price paid.

In general, neither the grant nor exercise of an incentive stock option, nor the sale of stock acquired on exercise of such option will entitle the Company to a compensation deduction. However, in the event of a disqualifying disposition by the optionee, the Company will be entitled to a compensation deduction in an amount equal to the ordinary income recognized by the optionee.

Incentive stock options may be granted only to employees of the Company or its subsidiaries. Under the 1998 Plan, the Board of Directors may grant non-qualified options to any persons who provide valuable services to the Company or its subsidiaries, including persons who may not be employees, such as directors, advisors or consultants. While the grant of a non-qualified option does not result in taxable income to the optionee under present federal income tax law, the exercise of that option will result in the optionee realizing the excess of the fair market value of the stock on the date of exercise over the exercise price paid as ordinary compensation income; and upon such exercise, the Company will be entitled to a compensation deduction in an amount equal to the ordinary income recognized by the optionee.

The Company's Board of Directors can amend or terminate the 1998 Plan at any time; however, the Board will seek shareholder approval for any increase in the number of shares reserved under the 1998 Plan, and may also seek shareholder approval for other amendments to the 1998 Plan.

At the Annual Meeting of Shareholders, the Company's shareholders will be asked to approve the terms and conditions of the 1998 Plan. Any shareholder who desires to review the text of the 1998 Plan can obtain a copy by writing the Company's Secretary.

The Board of Directors recommends the shareholders vote "FOR" approval of the 1998 Stock Option Plan.

PROPOSAL NO. 3: RATIFICATION OF APPOINTMENT
OF INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors of the Company, with the approval of its Audit Committee, has appointed Arthur Andersen LLP to audit the books and records of the Company for year ending December 31, 1998. A resolution will be offered at the Meeting to approve the appointment of Arthur Andersen LLP as the Company's independent public accountants.

Representatives of the accounting firm are expected to be present at the Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The Board of Directors recommends a vote "FOR" such proposal. In the event of a negative vote on such ratification, the Board of Directors will reconsider its selection.

OTHER MATTERS

The Company knows of no other matters to be submitted to the Meeting. If any other matters properly come before the Meeting, it is the intention of the persons named in the enclosed form of Proxy to vote the shares they represent as the Board of Directors may recommend.

- (1) Upon an award of stock bonus shares under the Company's Long Term Stock Bonus Plan, 20% of such shares are vested in the participant and the remaining 80% vest over the next four years contingent upon the participant remaining in the employ of the Company. See "Long Term Stock Bonus Plan" below. The figures shown in the column designated "Awards" are the values of the vested 20% shares of the Company's Common Stock earned by the executive officers under the Plan, calculated based on the market value of the Common Stock as of the end of the respective years. Dividends are paid to the officer with respect to shares earned by him, whether or not vested. As the unvested shares subsequently vest, their values are shown in the column designated "Payout."
- (2) The figures shown in the column designated "Payout" are the values of the shares of the Company's Common Stock previously earned by the executive officers under the Company's Long-Term Stock Bonus Plan in a prior year which vested during the year shown. The values are calculated based on the market value of the Common Stock as of the end of the year in which it was originally earned.
- (3) The figures shown in the column designated "All Other Compensation" represent the executive officer's share of the allocation of the Company's contribution to the Company's Employee Stock Ownership Plan for 1997, and his or her share of any re-allocations of forfeited benefits in 1997 (see "Employee Stock Ownership Plan" below). The figures shown do not include the value realized by Messrs. Sauer and Alexander upon exercise of stock options by them during 1997 (see "1987 Incentive Stock Option Plan" below).

EMPLOYEE STOCK OWNERSHIP PLAN

The Company's Employee Stock Ownership Plan ("ESOP") is intended to qualify as an employee stock ownership plan as defined in Section 4975(e)(7) of the Internal Revenue Code, and as a stock bonus plan under Section 401(a) of the Internal Revenue Code. A trust was created by the Company under the ESOP to hold plan assets, with Union Bank of California, N.A. acting as trustee. The Company may amend or terminate the ESOP at any time. All assets acquired by the trust are administered by a Plan Committee composed of Nanci Clifton, Edward Diaz, Brian Jensen, Thomas Sauer, Delight Saxton and Sandy Waggoner (all Company employees) for the exclusive benefit of employees who are participants in the ESOP and their designated beneficiaries.

Employees, who are 21 years or older, are entitled to participate in the ESOP when they have completed one year of service to the Company by June 30 of any year. As of December 31, 1997, 175 employees of the Company were participants in the ESOP. Allocations to each eligible participant's trust account are made each year from Company contributions, trust income or loss and re-allocations of forfeited ESOP benefits if the participant remains employed

throughout the year and has worked a minimum number of hours or his employment has terminated due to death or retirement (as that term is defined in the ESOP) during that

year. Allocations are made based upon each participant's compensation from the Company and time employed by the Company. As provided by law, a participant's interest in the ESOP becomes 20% vested after three years of service and will continue to vest at 20% per year thereafter until it is fully vested after the seventh year or upon death or total disability. The vesting schedule will be accelerated and the Company's contributions and ESOP allocations will be modified if the ESOP becomes a "top heavy plan" under federal tax laws.

In general, Company contributions are immediately tax deductible by the Company, but participants do not recognize income for tax purposes until distributions are made to them. The amount of Company contributions to the ESOP in cash, Company stock or other property is determined by the Company's Board of Directors each year with consideration for federal tax laws. The Company's Board of Directors has authorized a \$750,000 cash contribution to the ESOP for the 1997 plan year, and the Company had made an aggregate of \$2,725,000 cash contributions for the five prior years. Employees may not make contributions to the ESOP. Contributions in cash are used to purchase Company stock; however, other investments may be made and loans may be incurred by the ESOP for the purchase of Company stock.

The Plan Committee has determined that cash dividends paid by the Company on shares of the Company's Common Stock held by the ESOP shall be paid out to the participants. The Plan Committee has the right to revoke this decision at any time.

1987 INCENTIVE STOCK OPTION PLAN

The Company has a 1987 Incentive Stock Option Plan (the "1987 Plan") under which options have been granted to key employees of the Company for the purchase of its Common Stock. Options granted under the 1987 Plan are intended to qualify as incentive stock options as that term is defined in Section 422A of the Internal Revenue Code of 1986, as amended. The 1987 Plan authorized the issuance of an aggregate of 2,000,000 shares of the Company's Common Stock under options. As of April 15, 1998, options for an aggregate of 852,000 shares had been granted to 28 key employees at exercise prices ranging between \$3.06 and \$10.75 per share; and of such options granted, options have been exercised for the purchase of 487,298 shares, options for 32,120 shares have been terminated, and options for 332,582 shares remain outstanding.

No options were granted under the 1987 Plan during 1997 to any of the Company's executive officers listed in the "Summary Compensation Table" above. The following table sets forth information concerning options exercised during 1997, and options held at the end of 1997, by such executive officers.

Name	Shares Acquired on Exercise	Value Realized	Number of Shares Underlying Unexercised Options at Year End Exercisable/Unexercisable	Value of Unexercised In-the-Money Options at Year End Exercisable/Unexercisable
----	-----	-----	-----	-----
Thomas J. Sauer.....	150,000	\$1,742,738	0/0	0/0
Scott A. Alexander.....	9,500	\$ 104,274	0/0	0/0

The 1987 Plan is now terminated by its terms, and no further options will be granted under it; however, the options held by key employees for 332,582 shares still outstanding remain exercisable in accordance with the terms of those options.

1998 STOCK OPTION PLAN

In March 1998, the Company's Board of Directors adopted, subject to obtaining shareholder approval, the 1998 Stock Option Plan (the "1998 Plan"). The 1998 Plan authorizes the issuance of an aggregate of 2,000,000 shares of the Company's Common Stock under options. See "Proposal No. 2: 1998 Stock Option Plan" above. Options for an aggregate of 212,000 shares were granted in March 1998 to 31 key employees at an exercise price of \$20.81 per share, including a 20,000 share option granted to Randle F. Rose, an executive officer of the Company. None of the options have been exercised, and they all remain outstanding.

LONG-TERM STOCK BONUS PLAN

The Company's Long-Term Stock Bonus Plan reserved 400,000 shares of the Company's Common Stock for bonuses to be granted to officers and other key employees to provide incentives for high levels of performance and unusual efforts to improve the financial performance of the Company. Long-Term Stock Bonus Agreements have been entered into with Dennis C. Kakures, the Company's President and Chief Operating Officer, and Thomas J. Sauer, the Company's Vice President and Treasurer. To date, Messrs. Kakures and Sauer are the only persons who have received Long-Term Stock Bonus Agreements under the Plan. Each Agreement provided for a stock bonus to the officer dependent upon the return on equity realized for the Company's shareholders over a three-year period, with the right to receive any stock bonus earned being subject to vesting over a four-year period contingent upon the officer remaining in the employ of the Company. Messrs. Kakures and Sauer were awarded stock bonus based upon the Company's performance over the three-year period ended December 31, 1997. The following table sets forth certain information with respect to the stock bonuses awarded based upon the three-year performance ended December 31, 1997. The "Values" in the table are calculated based on the market value of the shares of Common Stock as of December 31, 1997.

The Company has entered into further Long-Term Stock Bonus Agreements with both Mr. Kakures and Mr. Sauer, under which additional stock bonuses could be awarded if the Company's performance goals over the successive three-year periods ending December 31, 1998 and 1999 are met.

REPORT BY THE EXECUTIVE COMPENSATION COMMITTEE

The Company has a three-member Executive Compensation Committee, consisting of its two outside directors, Bryant J. Brooks and Ronald H. Zech, as well as its Chairman of the Board and Chief Executive Officer, Robert P. McGrath. The Committee establishes the general compensation policies of the Company for its executive officers and sets the actual compensation plans and specific compensation levels for the individual officers.

COMPENSATION PHILOSOPHY -- The Company's executive compensation philosophy is to pay for performance. The Executive Compensation Committee believes executive compensation should reflect the executive's, as well as the Company's, current and long-term performance, and any management compensation program should be structured to attract, motivate and retain qualified personnel by providing attractive compensation incentives consistent with Company performance. The executive compensation program is intended to provide an overall level of compensation opportunity that the Committee believes, based upon its own judgment and experience and upon periodic studies by independent executive compensation consultants, is competitive with other, comparable companies. The Committee also believes management should have

significant equity participation through the ownership of Common Stock of the Company so as to align the interests of executives with those of the Company's other shareholders in an effort to achieve long-term shareholder returns.

COMPONENTS OF EXECUTIVE COMPENSATION -- In addition to the return executives receive along with other shareholders through their individual ownership of shares of the Company's Common Stock, there are currently three components of executive compensation: base salary, annual cash incentive bonus and long-term stock ownership incentives.

Base Salaries -- The Executive Compensation Committee establishes the base salaries of each of the Company's executive officers after considering a variety of factors including the executive's level of responsibility and individual performance, the executive's contributions to the success of the Company, internal equities among the salaries of other officers and key personnel of the Company, the salaries of executive officers in similar positions in comparable companies, and the Company's financial performance.

Annual Cash Incentive Bonus -- The Executive Compensation Committee had adopted a formula for calculating a cash incentive bonus for the Company's Chief Executive Officer for 1997 based solely upon the Company achieving certain levels of pre-tax profit for the year, and for calculating cash incentive bonuses for certain executive officers of the Company based upon a combination of the level of the Company's pre-tax profit for the year (75%) and the extent to which each executive officer achieves his or her own individual performance goals as determined by the Chief Executive Officer (25%). The executive officers of the Company who participated in this program were Mr. McGrath, Mr. Kakures, Ms. Saxton and Mr. Sauer. Mr. McGrath and Mr. Kakures were eligible to receive bonuses ranging from zero up to a maximum of 70% of their base salaries. Ms. Saxton and Mr. Sauer were eligible to receive bonuses ranging from zero up to a maximum of 56% of their base salaries. The aggregate cash incentive bonuses earned by these four executive officers of the Company under this program for 1997 was 65% of their aggregate base salaries.

Long-Term Stock Ownership Incentives -- The Company has two long-term stock ownership incentive programs for its executives and other key personnel: The Long-Term Stock Bonus Plan and the 1998 Stock Option Plan.

By the terms of the Company's Long-Term Stock Bonus Plan, the grant of stock bonuses is determined by the Company's Long-Term Stock Bonus Plan Committee (see "Long-Term Stock Bonus Plan" above). The Executive Compensation Committee may make recommendations to the Long-Term Stock Bonus Plan Committee with respect to the granting of stock bonuses under the Plan to executive officers. The Long-Term Stock Bonus Plan has been used to reward the achievement of pre-set, long-term financial goals; and the bonuses of stock have been awarded for achieving pre-set goals with respect to the return on equity realized by the Company over successive three-year periods.

By the terms of the Company's 1998 Stock Option Plan, which plan is subject to approval by the shareholders, the grant of stock options is determined by the Company's Board of Directors (see "Proposal No. 2: 1998 Stock Option Plan" above). The Executive Compensation Committee may make recommendations to the Board of Directors with respect to the granting of stock options under the 1998 Plan to executive officers. The Board has granted stock options from time to time to executive officers and other key personnel of the Company under earlier option plans because the Board believed such grants would be an effective part of the particular executive officer's overall compensation package and that an increase in his or her equity participation in the Company would be appropriate.

CHIEF EXECUTIVE OFFICER'S COMPENSATION -- Throughout 1997, Robert P. McGrath was the Chief Executive Officer of the Company, as well as the Chairman of its Board of Directors. Mr. McGrath was the founder of the Company, and he still owns a significant percentage of its Common Stock (see "Security Ownership of Management and Principal Shareholders" below).

Base Salary -- After a review in early 1997 of Mr. McGrath's level of responsibility, performance and contributions to the Company's success, the Executive Compensation Committee raised Mr. McGrath's base salary to \$352,800.

Annual Cash Incentive Bonus -- Mr. McGrath earned a cash incentive bonus of \$246,960 for 1997 (70% of his base salary). This bonus was calculated as a function of the extent to which the Company achieved its goal for pre-tax profits in 1997 in accordance with the formula which had been established by the Executive Compensation Committee early in that year.

Long-Term Stock Ownership Incentives -- Mr. McGrath did not participate in any of the various long-term stock ownership incentive plans offered by the Company to its officers and employees (except that, as an employee, he has participated in the Company's Employee Stock Ownership Plan ("ESOP") on the same basis as other employees).

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION IN COMPENSATION DECISIONS

No member of the Company's Executive Compensation Committee has a compensation committee interlocking relationship (as defined by the Securities and Exchange Commission). One member of the Committee, Robert P. McGrath, is an employee and officer of the Company, and he has participated in deliberations of the Committee concerning executive officer compensation; and as noted below, he has also participated in investor-owned relocatable modular office programs with the Company.

There were 40 investor-owners who had purchased relocatable modular offices and placed them in the Company's rental fleet for management by it, including three limited partnerships formed in 1980 and 1981 of which Robert P. McGrath is the general partner (with an aggregate of 24 limited partners) and three limited partnerships formed in 1984 of which the Company is the general partner (with an aggregate of 9 limited partners). The units still in the Company's rental fleet during 1997 which were owned by the three limited partnerships of which Mr. McGrath is the general partner had an original aggregate purchase price of \$1,406,569. Mr. McGrath had a 1% profits interest and a 14% contingent, subordinated profits interest in the three limited partnerships. Mr. McGrath was allocated an aggregate of \$324,950 of profits from these three limited partnerships during 1997, most of which were profits deferred in earlier year by the terms of Mr. McGrath's contingent, subordinated interest. Mr. McGrath was also entitled to receive an annual partnership management fee equal to 2% of the original cost of the units purchased. Mr. McGrath in turn engaged the Company to perform these management services for the identical fee. In addition, Mr. McGrath in his individual capacity purchased relocatable modular offices prior to 1983 directly from the Company and placed those units under the Company's management in its rental fleet on the same terms and conditions as units placed in the fleet by other investor-owners. The units still in the Company's rental fleet during 1997 which were owned by Mr. McGrath individually had an original cost to the Company of \$139,625. His share of rental revenues from these units for the year ended December 31, 1997 was \$37,576, and his share of operating expenses, management fees and incentive fees paid to the Company for the year was \$19,121. On December 31, 1997, the Company repurchased all relocatable modular offices owned by investor-owners still in its rental fleet. The units owned by the three limited partnerships of which Mr. McGrath is the general partner were purchased for an aggregate purchase price of \$490,365, and the units owned by Mr. McGrath in his individual capacity were purchased for \$52,359.
